Isam,
The material recommended by Universal Alloy is an acceptable alternative.

Regards,

Pablo

Hi guys,

It's me again, we are trying to purchase some material from extrusion, and we had a question from our supplier about material change to extrusion, could you please look into it and let us know if this is acceptable for you guys to proceed. Please let me know ASAP.

Thank you,

Regards.

Subject: FW: RFQ

Linda,

The specifications included on the subject cannot be produced by our mill. WE could produce the angle on page 3 of 6 of the NC deflector package and we could produce the channel, however we would have to offer both as 7075-T6511 AMSQQ-A-200/11. Please let me know if you can use the specification offered and I will have our engineering department prepare a quote.

Also please provide an address and phone number.
